- Established 13 April 2016 – Main office Playa Vista, CA
- LA location chosen based on research focus area

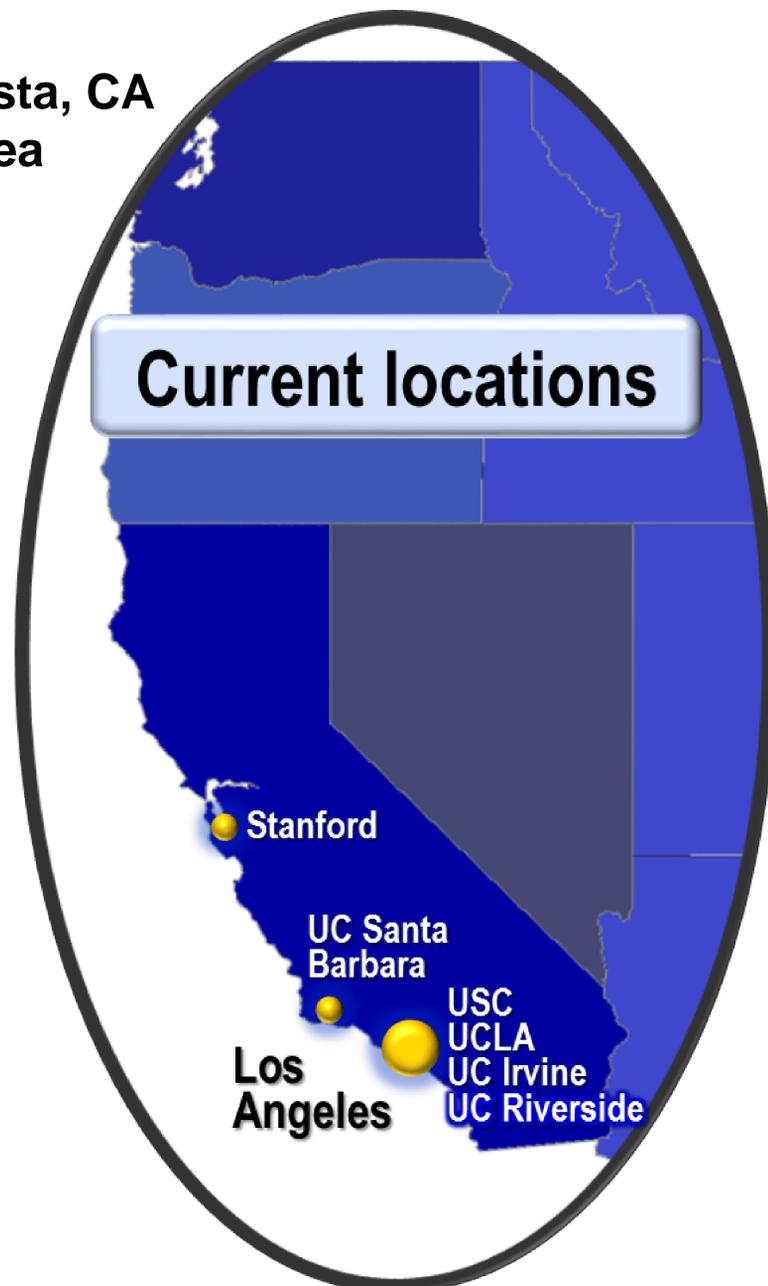

## Focus:

### Human Information Interaction (HII)

- Contextual Analytics
- Hybrid Human Interfaces
- Joint Human-Agent Decision Making
- Integrated Analysis & Assessment

**Other areas:** Intelligent Systems, Embedded Processing, Cybersecurity

**Build cross organizational and cross disciplinary teams to execute HII research**

## Our People

- On site we have 18 ARL government and contract employees, and 7 student research assistants.
- ARL West is working with 8 universities and the Army's University Affiliated Research Center, the Institute of Creative Technology.
- ARL West has supported 52 summer internships and two visiting faculty during 2016 and 2017

## Our Partners

- UC Santa Barbara – Cognitive Science and Training Effectiveness
- University Southern California – Human Information Interaction, Virtual and Mixed Reality, Robotics
- UCLA – Cognitive Linguistics
- UC Irvine – Information and Data Interaction
- UC Riverside – Computational Analysis, Materials for Sensors and Devices
- Cal State, Long Beach – Robotics
- Cal State, Northridge – Information Analysis and Virtual Route Planning
- Stanford – High Performance Computing
