S&T Campaign: Mechanisms

Faculty and Student Research Opportunities

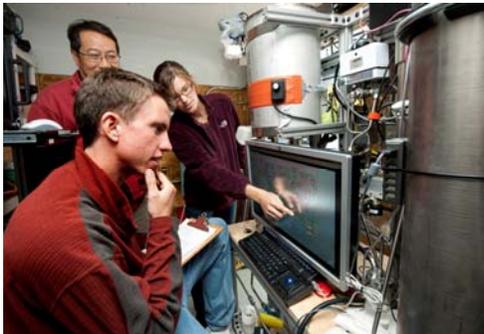

Dr. Patrice D. Benson 301-394-3665
ORTA@arl.army.mil

Mission:

Inspire, develop and recruit students, graduates and experienced professionals to execute fundamental research for ARL in support of National defense.

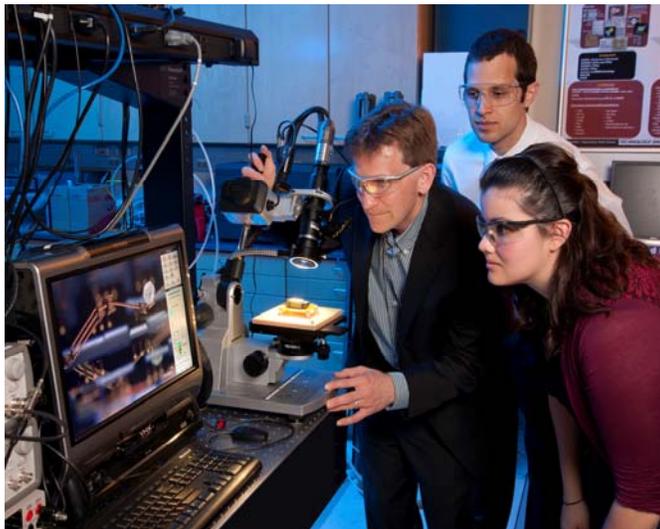

Vision:

Build a diverse workforce that can lead discovery and foster innovation to meet future Army needs.

Activities:

- College Qualified Leaders
- Faculty Fellowship Research Team Program
- HBCU/MI Faculty Seminar Series
- Open Campus
- Student Internship Program

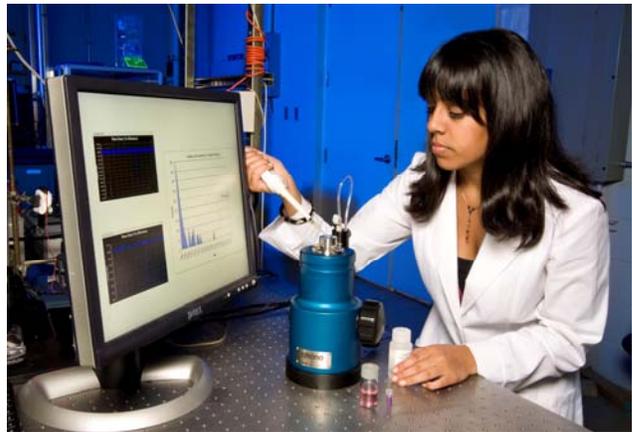

Objectives:

- Increase the number of faculty and students participating in ARL research collaborations internally and externally.
- Enhance collaborations between ARL and Academia to attract, retain and develop the future workforce.
- Increase the recruitment of highly talented undergraduate and graduate students.

Benefits to Participants:

- Career opportunities for students.
- Professional and career development for faculty.
- Integration of academic curriculum and real work experience.
- Develop new skills and refine others.
- Gain confidence in your abilities.

Benefits to ARL:

- Opportunity for technology advancement and transfer of research knowledge.
- Increase employee-retention rate.
- Increase exposure of ARL efforts and career opportunities.
- Potential to attract, retain and develop the future workforce.
- Give back to the community.
